

## Professional Liability Insurance for Clinical Toxicology Physicians

Now Exclusively to AACT Members!

The American Academy of Clinical Toxicology (AACT) is pleased to announce a comprehensive professional liability insurance program offered by NIA Insurance Services. This program is specifically designed for Clinical Toxicology physicians and available only to members of AACT.\*

Many consultant services and administrative duties provided by Clinical Toxicology practitioners have not been covered by malpractice coverage.

This Professional Liability Insurance Program responds to this need. AACT members now have the opportunity to obtain access to professional liability coverage to protect them from exposures from suits alleging negligence for errors and omissions in services provided to clients. NIA Insurance Services has developed a Professional Liability Program that offers the broadest coverage for a wide range of health care consulting activities.

## RISK MANAGEMENT SERVICES

### SUPPORT TEAM

Includes a detailed in-depth review by our team of attorneys of all members' non-direct patient activities. They will develop specific non-mandatory suggestions for procedure improvements.

Team of risk management specialists available for consultation to all members.

*For example: If there are no procedures for receiving, investigating, and dealing with harassment complaints, a program should be developed.*

## CAPABILITIES

### OVER 100 YEARS EXPERIENCE

NIA Insurance Services and carriers we use provide Medical Malpractice programs around the world.

- Member can work direct or with their local agent
- Program can be tailored according to size of practice
- Not all coverages are available for all applicants. Each applicant will be underwritten based upon the application submitted and actual coverage offered may differ from the coverage points above.
