Medical Toxicologist/Emergency Physician

The Department of Emergency Medicine at Maine Medical Center and the Northern New England Poison Center are seeking a board-certified Medical Toxicologist/Emergency Physician to serve as the Medical Director of the Northern New England Poison Center and the Division Director of Medical Toxicology at Maine Medical Center

Maine Medical Center has 637 licensed beds and is the state's leading tertiary care hospital and the state's only Level 1 Trauma Center. The Emergency Department (ED) at Maine Medical Center (MMC) is a state-of-the-art facility designed to meet the needs of a high-volume, tertiary-care patient population. The ED is the busiest in Maine and serves approximately 70,000 patients per year from Maine and New Hampshire, as well as visitors from all over the world.

The Northern New England Poison Center (NNEPC) is the regional poison center serving Maine, New Hampshire, and Vermont and nationally accredited through the American Association of Poison Control Centers (AAPCC), managing more than 27,000 poisonings a year. The NNEPC is staffed with a combination of pharmacists and nurses and is the primary toxicology teaching site for residents, medical students, and pharmacy students from across northern New England and beyond.

Maine Medical Center is home to the largest and most well-established Emergency Medicine residency training program in northern New England. Aside from medical toxicology, this academic position includes teaching and mentoring residents, medical students, and pharmacy students. The successful candidate will also have clinical emergency medicine responsibilities and an academic appointment at Tufts University School of Medicine.

Maine Medical Partners is a division of Maine Medical Center and is Maine's largest multi-specialty medical group serving the healthcare needs of patients locally and throughout northern New England. This high quality team of nearly 600 physicians and 200 advanced practice professionals provides a wide range of hospital based, primary, specialty, and sub-specialty adult and pediatric care delivered throughout a network of 30 locations across the State and acts as a regional referral network.

Situated on the southern Maine coast, Portland offers the best of urban sophistication combined with small-town friendliness. The area provides four season recreational opportunities, such as skiing, hiking, sailing, and miles of beautiful beaches. Just two hours north of Boston, this is an exceptionally diverse and vibrant community. Portland is consistently voted one of the top spots in America to raise a family, recently Bon Appetit magazine's Restaurant City of the Year, and has been named one of America's most livable cities by Forbes Magazine.
