

Learner Notification

AACT/ABAT Journal Club November 2021: Tots and Pot - to Worry or Not?

November 2, 2021

Live Webinar

Acknowledgement of Financial Commercial Support

No financial commercial support was received for this educational activity.

Acknowledgement of In-Kind Commercial Support

No in-kind commercial support was received for this educational activity.

Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. You must participate in the entire webinar as partial credit is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Physicians and Pharmacists

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and American Academy of Clinical Toxicology. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Designation Statement – Amedco LLC designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit™* for physicians and 1 knowledge-based contact hours for pharmacists. Learners should claim only the credit commensurate with the extent of their participation in the activity.

NOTE to Pharmacists: The only official Statement of Credit is the one you pull from CPE Monitor. You must request your certificate within 30 days of the activity to meet the deadline for submission to CPE Monitor.

Objectives - After attending this program you should be able to:

1. Describe how the legalization of cannabis has impacted poison control center call volume for pediatric exposures to edible cannabis products.
2. Compare and contrast edible and other types of cannabis exposures in pediatric patients in terms of history and outcome.
3. Identify the most common clinical manifestations in pediatric edible cannabis exposures.
4. Describe patient specific factors and presenting signs and symptoms associated with respiratory support and hospital admission in pediatric patients following edible cannabis exposures.

Disclosure of Conflict of Interest

The following table of disclosure information is provided to learners and contains the relevant financial relationships that each individual in a position to control the content disclosed to Amedco. All of these relationships were treated as a conflict of interest, and have been resolved. (C7 SCS 6.1---6.2, 6.5)

All individuals in a position to control the content of CE are listed below.

First Name	Last Name	Role in Activity	Commercial Interest
