About the Department:

The Forensic Science Program at George Mason University offers a master’s degree, a graduate certificate, a bachelor’s degree, and a minor in forensic science. Our programs prepare students for a rewarding career in federal, state, and local governments, laboratories, and provide advanced education for professionals currently in the field. Our full time and adjunct faculty members have operational forensic science field/laboratory experience, and the program consists of nearly 500 undergraduate students and 100 graduate students. The program has a Forensic Chemistry/Microscopy Lab, Instrumental Lab, Crime Scene House Lab, Forensic DNA Labs, Cadaver Labs, Morgue, and a Forensic Science Research and Training Laboratory (Body Farm), all of which are supported by the forensic science faculty.

Statement on Building an all-Inclusive Culture

George Mason University College of Science (Mason Science) is committed to advancing all-inclusive excellence and fostering an environment free from discrimination, harassment, and retaliation throughout our STEM community. At Mason Science, our values include cultivating an organizational culture that promotes belonging, respect, and civility. We believe that varied opinions, cultures, and perspectives are what provides vibrancy, innovation and growth to an academic community.
