Invitation

On behalf of the American Academy of Clinical Toxicology (AACT) and America's Poison Centers, we invite you and your organization to be a part of our 2026 North American Congress of Clinical Toxicology (NACCT) October 21 - 25, in San Diego, California.

NACCT is the largest multidisciplinary clinical toxicology meeting in the world with cutting-edge technology and education. It brings together more than 800 of the world's leading clinicians, research scientists, industry, academic, regulatory agencies, poison center staff and executives.

Your presence at NACCT allows you to showcase your products and services to more than 800 multidisciplinary toxicology professionals. You will interact with decision makers from poison centers, universities, government agencies and health departments. Because of the wide spectrum of attendees, you will be able to network with clinicians at every stage of training, from students, residents, and fellows to heads of organizations. We also have additional sponsorship opportunities that allow for further promotion of your organization. You will have direct access to organizational leadership and those who treat acutely poisoned patients.

Thank you for your consideration of our request for participation, we look forward to receiving your commitment. If you have any questions, please contact Bethany Radke, bradke@veritasamc.com or 847-752-4264.

See you in San Diego!

Kind regards,

Bethany Radke
